

An Open Discussion About Hazing & Member Education

Friday, July 27, 2018

2:00pm – 4:00pm

Dallas Ballroom A3

It's no secret that hazing is one of the first things many people associate with fraternities. This session is meant as an open and honest discussion about hazing: How you and your brothers feel about hazing, the motivations behind it, the challenges it poses to chapter leaders, and your ideas for improving the overall member education process.

To maximize learning, the discussion will be of a general nature, and not intended to discuss specific hazing situations. The session will take place in small groups, each facilitated by a graduate volunteer who is present to learn, rather than lecture.

This session is open to undergraduate members only.
